SheCan is an event for women, and those identifying as female, volunteer BCAS/CADS ski and snowboard instructors and adaptive program leads. An event for women, led by women, SheCan is about engaging with one another, sharing experiences, fostering development and growth in a safe space. SheCan creates an opportunity for adaptive instructors to increase their personal skiing / riding skills, teaching and leadership skills.

In addition to developing as an individual, SheCan also presents an opportunity for a motivated group of leaders to explore how collectively they can enhance the adaptive snowsport experience for participants in British Columbia.

**There is limited space to create an intimate learning environment. We have an awesome snowboard session leader, snowboard instructors please sign up!**
